

CERTIFICATION FOR THE THAI AEROSPACE INDUSTRY (workshop)

1:30pm – 2:30pm

Dr. Boonmee PIAMPRING, Training Specialist, Thai Airways International

Dr. Boonmee Piampring has been working for Thai Airways International for 34 years, and his present assignment is as training specialist. His responsibilities include aircraft maintenance training and related activities. He graduated with a bachelor's degree in mechanical engineering, master's degree in business administration with a major in marketing, and PhD in development strategy.

Throughout his aviation career, he has received training from various MROs, major aircraft and aircraft engine manufacturers including AIRBUS, BOEING, Rolls-Royce, Pratt & Whitney, and General Electric. In 2013, he was recruited to join TG-AIRBUS training collaboration program. After intensive trainings and assessments, his name was listed in AIRBUS MTOE as an AIRBUS certified A350 instructor.

Aside from aircraft maintenance training, he also is also interested in aviation-related rules and regulations from major aviation authorities including CAAT, FAA, EASA and ICAO.
